OUR MISSION

As an organization, we are committed to advancing North Central Massachusetts by promoting and leveraging **economic competitiveness**; advocating on behalf of **small business**; asserting our role as the Commonwealth's hub of **manufacturing**; and appreciating that we cannot do any of this without innovative **education** strategies and a strong **transportation** infrastructure.

ECONOMIC COMPETITIVENESS

Advocate for the tools and resources necessary to lead locally, regionally, nationally and globally.

SMALL BUSINESS

Embrace small businesses as the heartbeat of our economy, and remove any roadblocks that impede their success.

MANUFACTURING

Support careers in manufacturing and ensure our largest industry remains a priority.

EDUCATION

Seek to be more competitive by supporting high quality education systems that address workforce needs.

TRANSPORTATION

Push for transportation improvements, extended commuter rail access and increased reverse commute options.

ECONOMIC COMPETITIVENESS

At the heart of the Massachusetts economy is innovation. As we work to strengthen our emerging sectors and clusters, we must recognize our strengths while addressing our weaknesses.

- Regional Equity
- Public Infrastructure
- Single Rate Property Taxes
- Investments in the Public Promotion of Tourism
- Broadband and High Speed Internet Access
- Regulatory Reform and Streamlined Permitting

SMALL BUSINESS

North Central Massachusetts is one of the last places in the Commonwealth where owning a small business is feasible. We must create a business friendly environment that supports thriving, independent small businesses.

- Minimum Wage Increases
- Unemployment Insurance Taxes
- Micro-lending and Technical Assistance
- Health Insurance & Health Care Costs
- Energy Costs
- Paid Family Medical Leave & The Grand Bargain

MANUFACTURING

North Central Massachusetts is home to the highest concentration of manufacturers in Massachusetts, with manufacturing firms accounting for 15% of regional employment.

- Remove the Stigma Associated with Manufacturing
- Support Updated Trade Agreements
- Remove Inventory Tax

EDUCATION

At the backbone of any successful economy is a state of the art educational framework. We must support high quality education systems that align the strengths of North Central Massachusetts with workforce needs.

- Access to High Quality Education
- College & Career Readiness
- An aligned K-12 Curriculum with Workforce Development Initiatives

TRANSPORTATION

The Route 2 corridor is poised to be the next area of growth in Massachusetts. Without transportation infrastructure improvements, we will be unable to expand our residential, commercial, or industrial tax bases.

- Improving Route 2
- Increased Transportation Options for Employees
- Roadway Improvements
- Airport Enhancements
